

BaseClass

```
classDiagram
    class BaseClass
    class GeneralModel["compnal::model::GeneralModel"]
    GeneralModel --|> BaseClass
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'BaseClass'. Below it is a larger, shaded box containing the text 'compnal::model::GeneralModel' and '< BaseClass >'. A blue arrow points from the top of the shaded box up to the bottom of the 'BaseClass' box, indicating that 'GeneralModel' inherits from 'BaseClass'.

compnal::model::GeneralModel  
< BaseClass >
