

compnal::sparse\_matrix  
::CRS::CRS

compnal::sparse\_matrix  
::CRS::operator=

compnal::sparse\_matrix  
::CRS::Assign

```
graph LR; A["compnal::sparse_matrix::CRS::CRS"] --> C["compnal::sparse_matrix::CRS::Assign"]; B["compnal::sparse_matrix::CRS::operator="] --> C;
```

The diagram illustrates a mapping or inheritance relationship. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'compnal::sparse\_matrix::CRS::CRS' and the bottom box contains 'compnal::sparse\_matrix::CRS::operator='. On the right, there is a single gray rectangular box with a black border containing the text 'compnal::sparse\_matrix::CRS::Assign'. Two blue arrows point from the right side of each white box to the left side of the gray box, indicating that both the 'CRS' and 'operator=' methods of the 'compnal::sparse\_matrix::CRS' class are associated with or mapped to the 'Assign' method.
