

BaseClass

```
classDiagram
    class BaseClass
    class GeneralModel["compnal::model::GeneralModel"]
    GeneralModel --|> BaseClass
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'BaseClass'. Below it is a larger box labeled 'compnal::model::GeneralModel' with '< BaseClass >' below it. A blue arrow points from the top of the 'compnal::model::GeneralModel' box up to the 'BaseClass' box, indicating that 'compnal::model::GeneralModel' inherits from 'BaseClass'.

compnal::model::GeneralModel
