

compnal::model::BaseU1Spin
Electron_1D::isValidQNumber

```
graph LR; A[compnal::model::BaseU1Spin  
Electron_1D::isValidQNumber] --> B[compnal::model::BaseU1Spin  
Electron_1D::isValidQNumber]; B --> B;
```

The diagram consists of two rectangular boxes. The left box has a gray background and contains the text 'compnal::model::BaseU1Spin' and 'Electron_1D::isValidQNumber'. A straight blue arrow points from the right side of this box to the left side of the right box. The right box has a white background and contains the same text. A curved blue arrow starts from the top of the right box and points back to the top of the same box, representing a self-loop.
